Testimonials

We are understandably proud of our services here at the Metro Hotel but we are delighted to confirm that our clients agree with us too...

"Just a quick note to say a huge thank you for all your help last Wednesday for our conference. As always, the service was excellent and the hot food superb. It was important for us that the day went well, and it certainly did - THANKS.

We have used you now for around three years and will continue to do so. It's a shame that some of the higher rated hotels don't take a look at what you guys do and learn from it. Sometimes it's the little things that make a difference - like your "handyman" running around to find us a Christmas tree to help out - excellent attitude, give him a hug! Many people would just shrug it off saying "It's not my job", but he typifies the positive can-do attitudes within your staff. Please pass on my thanks to all your team and look forward to seeing you all soon". Sean Goodman, Spectrum Educational, September 2011

In summary, we would love the opportunity to help you organise an upcoming event, and whether a large corporate event or a small team building exercise we'll make sure it's exactly right.
